Professional Summary

MCA student with strong programming fundamentals in Python, Java, and SQL. Hands-on experience in full-stack development and AI/ML. Passionate about building scalable, data-driven solutions. Quick learner with excellent problem-solving skills and a team-oriented mindset.

Education

VIT Bhopal University

Master of Computer Applications (MCA)

2025 – Present

CGPA: 9.09

Adamas University

BCA (Hons) in Banking, Financial Services and Insurance

Silver Medalist — Merit Scholarship (2023-2024)

2022 – 2025

CGPA: 9.16

Technical Skills

Languages: Python, Java, SQL

Frameworks & Tools: Streamlit, PHP, Git, Power BI, XAMPP

AI/ML: Machine Learning, Deep Learning, NLP, LSTM, Generative AI

Concepts: OOPs, DBMS, Data Structures & Algorithms, REST APIs

Cloud: AWS (Cloud Practitioner Certified)

Projects

Affiliate Marketing Platform (LinkPlss)

PHP, MySQL, Power BI

- Built a full-stack affiliate link management system with user authentication, product tracking, wishlist, and link management features.
- Created real-time dashboards to monitor clicks, click-through rates (CTR), product performance, and commissions.

NutriScan AI – Smart Nutrition Analyzer

Python, YOLO, Streamlit

- Developed an AI-powered food detection system to identify food items from images and estimate nutritional values based on food weight.
- Implemented an end-to-end pipeline involving image preprocessing, deep learning-based classification, nutrition calculation, and result visualization.

Meeting Summarizer Pro

Python, Streamlit, Google Gemini AI

- Developed an AI-powered meeting summarization application that processes meeting audio and transcripts using Google Gemini AI.
- Automated extraction of key discussion points, decisions, action items, participants, deadlines, and next steps from unstructured meeting content.
- Implemented downloadable TXT/Markdown summaries and deployed the application using Streamlit Cloud.

Certifications

- AWS Certified Cloud Practitioner – Amazon Web Services
- ServiceNow Certified
- 100+ Problems Solved on LeetCode (Data Structures & Algorithms)

Achievements

- Silver Medalist – 9th Convocation, Adamas University
- Merit Scholarship Recipient (2023-2024)
