PROFESSIONAL SUMMARY

MCA student (CGPA: 9.15) with strong foundations in Software Development, Database Management, and Data Analytics. Skilled in Java, Python, SQL, Power BI, and full-stack development with hands-on experience in building automation tools, analytics dashboards, and AI-powered systems. Passionate about solving business problems through digital solutions, workflow automation, and process optimization.

EDUCATION

Master of Computer Applications (MCA)

VIT Bhopal University

2025–Present

CGPA: 9.15

Bachelor of Computer Applications (BCA)

Adamas University

2022–2025

CGPA: 9.16

Silver Medal – 9th Convocation — Merit Scholarship (2024–2025)

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Databases: SQL, MySQL, PostgreSQL

Data & Reporting: Power BI, Excel, Dashboard Creation, Data Analysis

Web: React (Basics), HTML, CSS, REST APIs, Flask

Tools: Git, GitHub, Linux, Jupyter Notebook

Core CS: DBMS, OOP, DSA, Operating Systems

Emerging Tech: Generative AI, LangChain, RAG Systems

PROJECTS

RAG-Based Document Q&A System

Python, LangChain, ChromaDB, REST APIs

- Developed a scalable document query system using Retrieval-Augmented Generation (RAG) for natural language interaction with large datasets.
- Built backend pipelines for ingestion, chunking, and semantic search; created a Streamlit UI and REST APIs for workflow efficiency.

Affiliate Marketing Platform (LinkPIs)

PHP, JavaScript, MySQL, Power BI

- Full-stack platform for tracking affiliate links and user activity; designed MySQL schema for click-tracking data.
- Built real-time Power BI dashboards to monitor traffic and conversions, reducing manual analysis effort by 30%.

NutriScan AI – Smart Nutrition Analyzer

Python, YOLO, Streamlit

- AI-powered food analysis system for automated recognition and nutrition estimation.
- End-to-end pipeline covering image preprocessing, classification, and structured nutrition reporting.

Sentiment Analysis System

Python, TensorFlow, REST API

- NLP-based sentiment model using LSTM; developed backend APIs for real-time text classification.

CERTIFICATIONS & ACHIEVEMENTS

- ServiceNow Certified System Administrator (CSA)
- AWS Certified Cloud Practitioner – Amazon Web Services (2024)
- 5th Position – University Hackathon (2024)
- Silver Medal – Adamas University
- Merit Scholarship (2024–2025)
